

MERMS Minor incident risk assessment

This is a statement addressing minor incidents for MERMS sites in Mount Edgumbe Park.

This assessment covers MERMS consideration of an incident and the issues being put in place to ensure the possibility of a repeat is minimised.

We have two sites within the Park, the Sawmill and the Woodland Railway. This incident occurred in the Sawmill.

The incident involved the derailing of a model locomotive on the 45mm scale layout and the continued running of the engine motor following the derailment.

Overall and final responsibility for health and safety is that of:

Day-to-day responsibility for ensuring this policy is put into practice is delegated to:

Name of organisation – Mount Edgumbe Railway & Model Society

MERMS Acting H&S Officer – Nigel Sylvester-Thorne

The Duty Member where identified
